Writing Thesis/Dissertation Proposal for Scopus Publication
May 29-30, 2023
Pearlmont Hotel, Cagayan de Oro City, Philippines

Resource Speaker:
Dr. Genaro V. Japos

Writing Thesis/Dissertation Proposal for Scopus Publication" aims to help students and researchers in preparing a high-quality thesis or dissertation proposal that meets the standards for publication in the Scopus database. The focus of the webinar will be on the key elements of a successful proposal, including the research problem, methodology, and expected outcomes. The webinar will also cover the Scopus submission process, including what to expect and how to increase the chances of acceptance. The purpose of the webinar is to provide guidance and support to individuals who are looking to publish their research and build their academic reputations. Scopus is a highly regarded database that covers over 50,000 international journals, making it a valuable resource for researchers looking to disseminate their work to a wide audience. Overall, the webinar on "Writing Thesis/Dissertation Proposal for Scopus Publication" is an opportunity for students and researchers to gain a deeper understanding of the publishing process and to develop the skills needed to effectively communicate their research to the academic community.
